# Useful Information

**Meals:** For a journey of this size, food is always an important variable. You will be able to sample cuisine from all over the world and all we ask is that you have an open mind. Unfortunately, when we are in rural areas, there may not be many alternative options, so please bear with us.

**Border Crossing:** Borders are gateways into another nation, and thus it is expected that any inspection will be thorough. These crossings can take much more time than anticipated, and hence we ask that you be patient while we are being processed.

**Sightseeing:** In order to be truly prepared, we must have in our minds that plans can change suddenly, due to unforeseen circumstances. We hope that everything goes according to plan, but being flexible and understanding about a sudden change of plans will make things go smoother.

**Rest Days:** Travelling and sight-seeing everyday is a sure way to get worn out quickly, so we will make sure that there is an adequate amount of rest days, where you can relax and recuperate after all the harrowing travel.

**The Route:** We have planned our route with safety and efficiency in mind, but government regulations also stop us from wandering from our agreed route. Don't worry, as we have made sure that you will have plenty to see on the trip!

**Accommodation:** We will ensure that after a long day of travelling, your accommodation is of the highest quality so that you can rest well. However, this is another area of flexibility that requires your patience as in some remote areas, the accommodation might not be the epitome of luxury.

**Long Days and Early Starts:** To cover 21,000 kilometers in 75 days is no mere feat. In order to meet our daily checkpoints, we must make sure that we are on the road at the right times, so we can spend more time sight-seeing. This may require some early starts and long days, but the journey is worth it!

**Network Connectivity :** Before going to this trip you have to activate international roaming pack on your phone for all the countries you will be visiting & a option also available for purchases of local sim cards in every country.

## LABHANSHU SHARMA

Son of a veteran Indian Army wrestler, Labhanshu is one of the finest human beings one would ever come across. A young wrestler who has represented India on the various international platforms and bagged several gold medals for his country. He is also a world record holder for pulling a 20 ton truck in the heart of Georgia, the city of Tbilisi. Labhanshu also started the famous road trip with his brother Vishal Sharma from Dehradun to London in 2019 with the message of "World Peace" which was flagged off by none other than the Chief Minister of Uttarakhand himself. A philanthropist and a thorough gentleman Labhanshu also loves staying close to the nature. Life in the cities doesn't excite him as much as the peace of the villages and interiors of his country. And this was the very reason why he declined the offer to become a professional wrestling coach in New Zealand. He has also saved the lives of two individuals from drowning in the river, for which he was honoured with National Bravery Award by the Prime Minister Narendra Modi in 2015. He was also honoured by former president of India- Shri Pranab Mukherjee, the vice president of India- Shri Venkaiah Naidu, the chief minister of Uttarakhand- Shri Trivendra Singh Rawat and the three former chiefs of Indian Armed Forces for his achievements. He has been honoured with the following awards-

- 1) National Bravery Award by Prime Minister Narendra Modi.
- 2) Uttarakhand Ratna by former Chief Justice of Uttarakhand High Court.
- 3) Dr. A.P.J. Abdul Kalam Award by former president of India Shri Pranab Mukherjee.
- 4) Young Achiever Award by former governor of Uttar Pradesh.
- 5) National Youth Icon Award by former Chief Minister of Uttarakhand Shri Harish Rawat.
- 6) Rashtriya Nirman Award.
- 7) Maa Bharati Award
